Subject: [All Staff] Honoring CCA staff member Carol Pitts

Dear CCA Community,

I write to express my sincere appreciation for a valued member of our community, Carol Pitts, who retired at the end of September after 28 years of service to CCA. I hope you will join me in thanking and celebrating Carol for her three decades of dedicated work as Operations Manager in Special Programs.

Carol was a core member of the Special Programs team and it is difficult to imagine life at CCA without her. From countless summer sessions, Pixar@CCA, Pre-College, YASP, Summer Atelier, to twenty years of summer study abroad programs, Carol was key to the development and evolution of special programs at the college. As her colleagues will attest, Carol's technical skills and dedication to our students were clear in all that she did.

On behalf of the entire CCA community, I would like to express my deep gratitude to Carol for her valued partnership and numerous contributions to the college over the years. Carol, we wish you a wonderful retirement.

Sincerely,

Steve
