

Appendix B: DeYoung Museum Team Break Outs

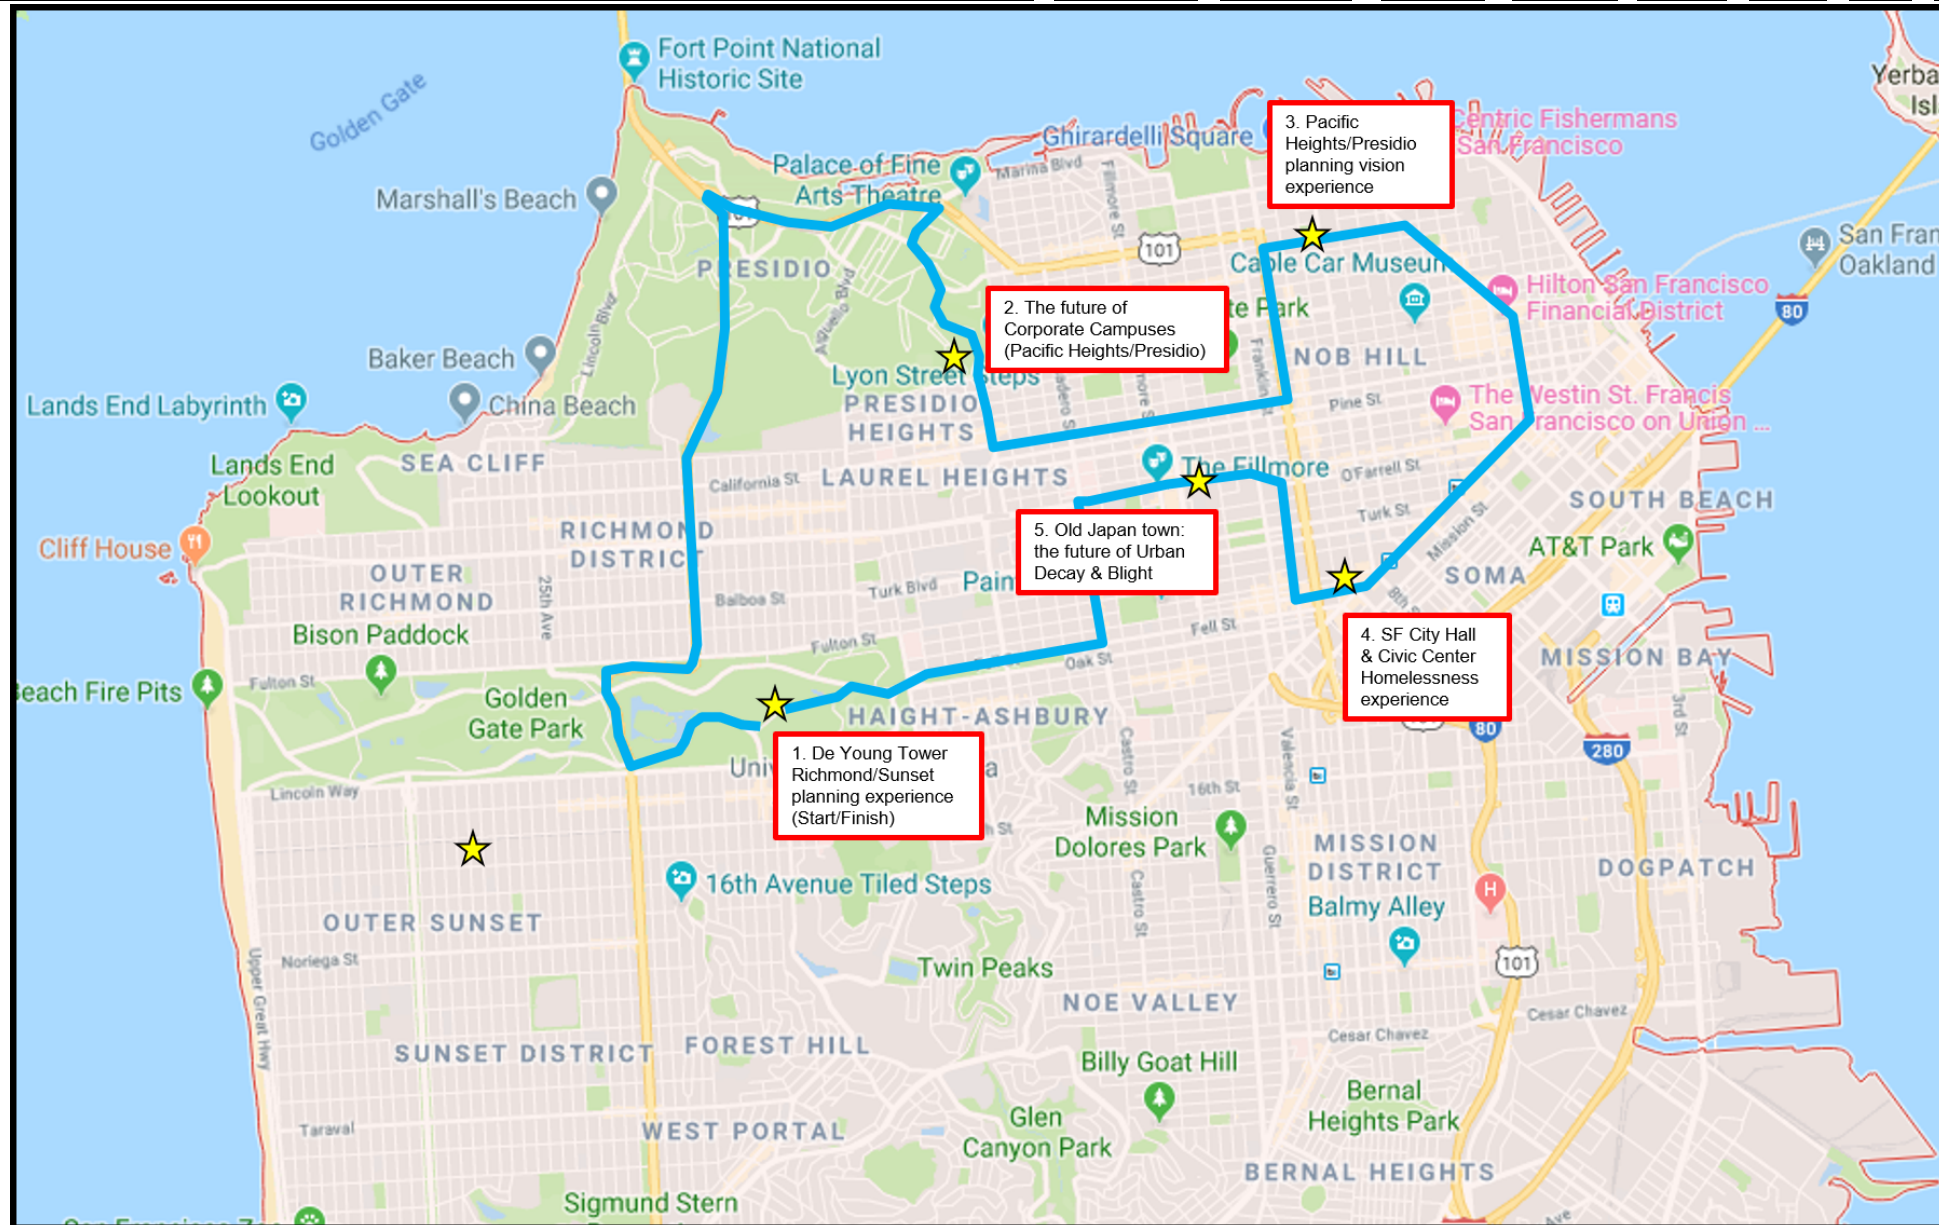

APPENDIX C: Richmond/Sunset Experience Vision

De Young Tower Richmond/Sunset planning vision event Concept: Team San Francisco presents the vision of future Richmond and Sunset neighborhood development. This vision will be overlaid on the DeYoung tower windows with an explanation of vision by Kainoa and Will. The reason for the overlay is for viewer to visualize and experience the change in the neighborhood dynamic with the introduction of a new BART line and the combined Salesforce/Google campus. Refreshments and snacks will be provided at this location. Snacks will consist of Chinese and Indian food provided by their respective Consulates in order to promote greater economic cooperation and integration into the fabric of the City. On the evening prior to the date of execution (072000DEC18), Will arrives on site, sets up the room, and secures it in preparation for the event on the next day. On the date of execution the group will arrive at the event site at 10:50, Kainoa and Will will brief the group as to look through the overlays and what they should be seeing. The Team will stand in predesignated areas to answer questions and provide viewing support and directions to the snack and refreshment table. Kainoa will facilitate final question on the group will remount the tour bus at 11:50.

Appendix D: Future of SF Immersive Experience Route Map

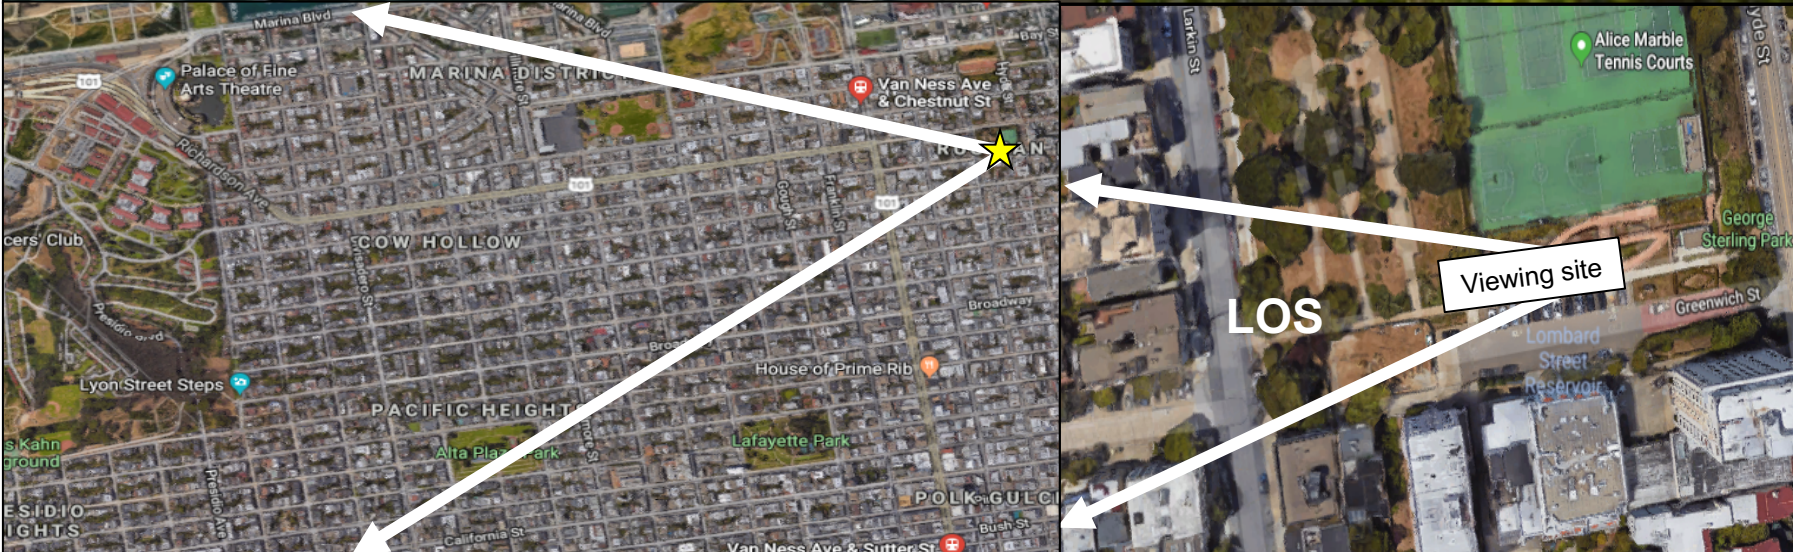

APPENDIX E: Pacific Heights/Presidio Experience Vision

View from event site

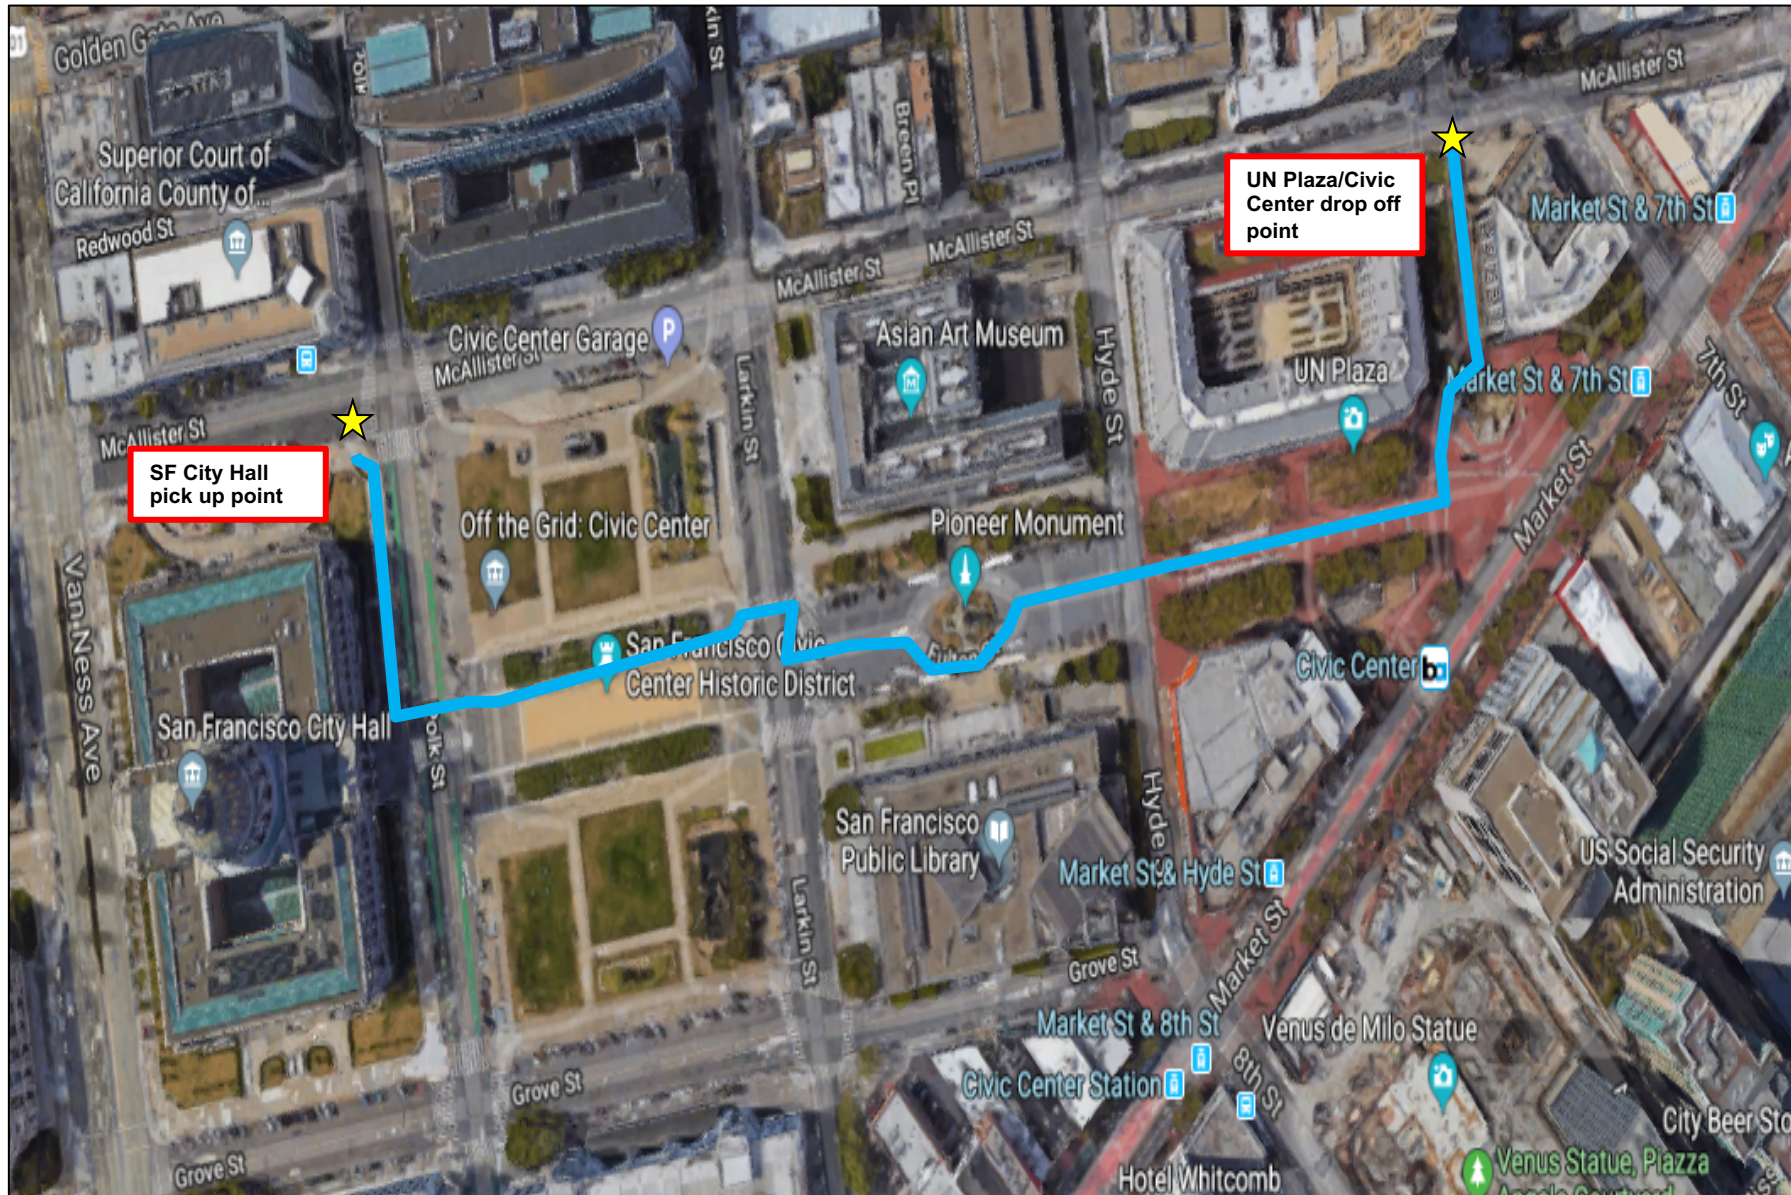

Parking and Lunch site

Pacific Heights/Presidio planning vision Concept: Will and Kainoa will present the Pacific Heights/Presidio planning vision experience event. Participants will visualize and experience the future of Pacific Heights and Presidio area development through a vista of the Pacific Heights and Presidio area with a charrette of the Pacific Heights and Presidio area. This will facilitate all participants and stakeholders to visualize and even touch what the future of the City's corporate center will be. The design charrette will be a 3D printed model with poster sized renderings and projected City road and transit maps in order to communicate how these corporate campuses will weave into the fabric of the city. Participants will be encouraged to make notes and discuss the model and renderings. Will will facilitate the group Q & A. Finally, Riley and Team will facilitate movement to vehicles.

APPENDIX F: SF City Hall & Civic Center Homelessness Experience Vision

SF City Hall & Civic Center Homelessness experience:

Riley will brief this event in route until they reach the drop off point. Participants will disembark at the corner of Market and 7th Streets and then proceed to walk 4 ½ city blocks to the pickup point at McAllister St. and Van Ness Ave. During the walk, participants will see what it is like to live on the streets of San Francisco and the homelessness crisis around the Mid-Market Area. Homeless advocates, nonprofit organizations, and city law enforcement/public safety representatives will be along the route to answer questions and provide insights into the current situation. Finally, Riley and Team will facilitate movement to vehicles.
