## FRAMELESS GLASS, INC.

Textile interlayers combine the beauty and versatility of fabric with the structural utility and easy maintenance of glass. Pairing our wide selection of available patterns, textures and weaves of fabric with a variety of glass texture, mirror or etch, the unique design possibilities are endless.

# BENDHEIM

This decorative lighting installation showcases the five KOVA for Bendheim glass options in a bottom-lit stand, showing how the metallic fibers in the glass play with light. The glass features KOVA's metallic woven textiles laminated between clear Bendheim glass.
