IN HONOR OF CONSTITUTION DAY 2017

CCA Libraries has printed a large scroll of the entire Constitution and the Bill of Rights, a copy of which is posted on both campuses, for annotation by students. In Oakland, you can find it outside A2 Café, and in San Francisco, you can find it on the wall in the hallway opposite the faculty mailboxes.

In addition, in both libraries, an iPad displays an interactive version of the Constitution.

Students are invited to draw &/or write their thoughts on current events as related to their Constitutional rights all week long.
